

## Circus for All

A seminar on the transformative power of Circus Arts  
&

## Kalevala

A circus performance staged by PiiPoo Family Circus  
**Saturday 13 June**

Galway Community Circus  
St. Joseph's Community Centre  
Shantalla, Galway

Galway Community Circus are very happy to announce that we will be hosting Ireland's first ever community circus seminar **Circus for All**. This event will explore the possibilities offered by the community circus model and circus arts as a tool for social, personal and community development. **Circus for All** will feature international speakers, panel discussions, workshops, and a special circus performance- **Kalevala**. This family circus show will be performed by PiiPoo Family Circus; a Finnish organisation that specialises in circus training for families and people with disabilities.

The community circus model uses the diversity of circus arts as a way of meeting the needs of a variety of target groups in a dynamic, responsive and responsible way. Community circus programmes are tailored around participants' resources, abilities and interests and can change to fit the participant rather than asking the participant to change to fit the programme.

**Circus for All** and **Kalevala** are part of a week-long knowledge exchange and strategic partnership being developed between Galway Community Circus and Kulttuurikeskus PiiPoo. This partnership is funded by Erasmus+

**Circus for All** and **Kalevala** are open to the public and free of charge but registration is required. The timetable for the day is as follows:

### Saturday 13 June

2.30-5pm	<b>Circus for All</b> Seminar
5-6pm	Tea, coffee & refreshments
6pm	<b>Kalevala</b> by PiiPoo Family Circus
6.40-7pm	Q&A with the performers
